

# SHOW-RITE®

# EXHALE

MULTI-SPECIES SUPPLEMENT FOR ALL CLASSES OF SWINE, SHEEP, GOAT AND BEEF CATTLE

Supports livestock respiratory function.

## PROFILE:

Show-Rite® Exhale can be used as an aide for those animals facing temporary respiratory challenges. Exhale opens airways and allows animals to breathe easier and perform with greater stamina and endurance.

## FEEDING INSTRUCTIONS:

Apply 2 ml per 100 lbs. of body weight at the back of your livestock's tongue. Exhale can be given up to two times a day during show or for general respiratory support throughout the growing phase. Replace cap after use.

## INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

*Approved for use in cattle, sheep, goats and swine. No withdrawal for meat animals. Not intended to diagnose, treat, cure or prevent any disease. If condition persists consult a veterinarian. Avoid contact with eyes and mucous membranes. Store at room temperature. Keep out of reach of children.*

Contains a source of flavor.
