

Summit® Classic+ is a 12% protein, 6% fat feed formulated to meet the nutritional requirements of horses at multiple life stages. Fortified with 100% organic trace minerals, essential vitamins and a specially selected strain of yeast for better nutrient absorption and utilization, this high-quality feed was designed to aid in providing superior equine health and wellness.

WHY CHOOSE SUMMIT HORSE FEEDS?

Summit horse feeds are made with 100% organic Alltech® trace minerals. Organic trace minerals are more easily absorbed, retained and utilized, thereby contributing to better overall health and immune function, in addition to improved exercise performance and recovery.

Summit's high-quality equine nutrition features the ideal blend of vitamins and amino acids to support optimal horse health and performance.

ABOUT THE PRODUCT

FEATURES & BENEFITS

- **BODY CONDITION:** Specially-designed formula is ideal for easy keepers or horses in light work
- **IMMUNE HEALTH:** Unique vitamin, amino acid and organic trace mineral blend offers increased immune support
- **GASTRIC SUPPORT:** Prebiotics promote enhanced gut health
- **WITH BIOTIN:** Quality nutrition aids in improving skin, hair and hoof condition

Vitamin A, min	4,000 IU/lb
Vitamin D, min	400 IU/lb
Vitamin E, min	75 IU/lb
Biotin, min	0.3 mg/lb

FEEDING DIRECTIONS

Feed Summit Classic+ to growing, breeding and working performance horses. Follow the suggested feeding program below. A constant supply of clean, fresh water is necessary for optimum results.

Adjust suggested feeding rate to fit needs of individual horses. Adjustments of $\pm 10\%$, depending upon weight, age and activity, are common.

Suggested Feeding Program

Feed according to the following chart along with good-quality hay (1.0 - 2.0 lbs/100 lbs of body weight), free-choice mineral and fresh, clean water.

Please note: These amounts are suggestions and may be adjusted according to forage quality, body condition and environment.

Activity Level	Amount to Feed/Per Day
	(1,000-lb Horse)
Maintenance	3.0-5.0 lbs
Light Work	4.0-6.0 lbs
Moderate Work	6.0-8.0 lbs
Heavy Work	7.0-10.0 lbs
Early Pregnancy	3.0-4.0 lbs

GENERAL GUIDELINES

Feeding

- Summit Classic+ should be fed along with at least 1% of body weight per day of good-quality forage. Maximizing the opportunity for greater forage intake reduces the risk of digestive upset.
- Do not feed more than 5 pounds in a single feeding.
- Provide free-choice access to salt and fresh water.
- Level of intake will vary depending on level of activity, desired body condition, season and quantity and quality of available forage.

Management

- De-worm at least 4 times each year.
- Trim your horse's feet frequently.
- Keep your horse's teeth floated.
- A physical examination should be performed annually on all horses by a qualified veterinarian.

CAUTION

Summit Classic + is formulated specifically for horses and is not intended for use in other species.

PRODUCT NUMBER

#71365 - Summit Classic Plus - 50 lbs
